

Do you throw commercial recyclable waste in the communal recycling bins?

Did you know that it is forbidden?

Every business is required by law* to recycle and to pay for it. The most common solution is to have a recycling bin or to take waste to a household waste recycling centre.

If you only have a small amount of waste and don't have a bin for it, we have **SOMETHING NEW** for you:

VIRTUAL BIN

A flat rate system for the legal use of the communal recycling bins

Benefits of getting a Virtual Bin:

- ✓ It's a simple and fast way to get space for your recyclable waste in the communal recycling bins. And you can do it online
- ✓ You will legalize your recyclable waste disposal
- ✓ You will not have to deal with the registration
- ✓ You will contribute to the effective planning of waste collection

*Act No. 541/2020 Coll., on Waste

odpady.praha.eu

This service is primarily intended for entrepreneurs who

- ✓ don't have a **brick-and-mortar establishment**
- ✓ **work from home or in the field**
- ✓ produce a **very small amount of sorted waste**

What can you recycle using a Virtual Bin?

Glass

Paper

Plastic
